My buffers position is set to the center of the screen. I'm not sure why my buffer isnt moving when I run the program. It can move in the if statement but its not moving in the else statement.

Here is my code: `public class MainActivity extends AppCompatActivity { @Override protected void onCreate(Bundle savedInstanceState) { super.onCreate(savedInstanceState); setContentView(R.layout.activity_main); final TextView tv = (TextView) findViewById(R.id.tv); tv.setText(tv.getText() + " " + "Hi" + " " + buffer.position + " " + buffer.getX() + " " + buffer.getY() + " " + buffer.getX() + " " + buffer.getY()); } public void bounceLeft(int amount) { buffer.moveX(-amount); } public void bounceRight(int amount) { buffer.moveX(amount); } public void bounceUp(int amount) { buffer.moveY(-amount); } public void bounceDown(int amount) { buffer.moveY(amount); } public static ImageBuffer buffer; @Override protected void onResume() { super.onResume(); buffer = new ImageBuffer(800, 600, BufferFormat.RGBA8888); } @Override protected void onStop() { super.onStop(); buffer.release(); } }` Here is my image buffer class: `public class ImageBuffer { private final BufferFormat format`

DOWNLOAD

The T-72 main battle tank (T-72B; T-72M, T-72M1) is a third-generation, wheeled, main battle tank designed by the United States . Type: Main Battle Tank.
