View My library. C:\Users\Scout \Documents\9ac2xip.dat DivX Plus 8.1.2 Build 1.7.0.12.exe Any help would be great. A: Let me start by saying this is the process I use, but do not forget to back up your files. Download an ISO of the movie you want to convert. Next, download the DivX Plus 8.1.2 Build 1.7.0.12.exe application. Launch the DivX Plus 8.1.2 Build 1.7.0.12.exe application. Go to the Tools menu, and select Convert. A window will open asking you to select the ISO or the video you want to convert. Select the video, and click Convert. The video will convert. If it converts and you are happy with the results, go ahead and continue to the next step. Click the link on the top menu bar to download the converted video. If the link is broken, try another link if possible. If not, then proceed to step 6. To save the video, click the Save link at the top. Then select the file format, and hit Save. You have successfully converted the video. Now you can do whatever you want with the video.
